- c) Mayor Sieglock announced that Saturday, April 18, 1998 the Lodi Boys and Girls Club will be holding its annual auction and dinner, "Lights, Camera, Auction".

Mayor Sieglock indicated that the City had recently received the CalFed report on the Delta. It is being proposed that 200,000 acres of irrigated land be converted to habitat. Mayor Sieglock indicated that this would be very injurious to our economy and proposed that the Council should adopt a resolution urging that this not be done. The Mayor asked that staff review the subject report and prepare comments that can be submitted. Also Mayor Sieglock indicated that several public hearings have been scheduled, but that none of them will be held in San Joaquin County. The Mayor indicated that an immediate request needs to be made to ensure that public hearings be held in San Joaquin County.

15. ADJOURNMENT

There being no further business to come before the City Council, Mayor Sieglock adjourned the meeting at approximately 9:05 p.m.

SUBJECT: CALFED EIS/EIR Public Hearings

On behalf of the Lodi City Council and the citizens of Lodi and north San Joaquin County, I strongly protest your public hearing schedule which does not include a hearing in San Joaquin County.

While Bay-Delta issues are of statewide concern, the heart of the Delta is located in San Joaquin County. This is the location of many of the facilities which would be built and operated under the outcome of the CALFED process. It is inconceivable that those citizens who will be directly affected by these facilities and operations are not being provided a convenient location to participate in the public hearing process.

If you need assistance in securing a location, we would be glad to offer our help. Please contact City Clerk Alice Reimche at (209) 333-6702.
